

OSPERIA

BUILT & SUPPORTED IN QUEBEC

FINA — ACCOUNTING INTERFACE FOR POS SYSTEMS

Simplify the transfer of your accounting data.

FINA converts and prepares accounting data from **Maitre'D, Veloce** and other POS systems to simplify importing into your accounting and ERP software.

SIMPLIFIED GL CONVERSION

Convert your POS financial data into formats compatible with your accounting and ERP software.

COMPATIBLE WITH MULTIPLE ACCOUNTING SOFTWARE

Sage 50, QuickBooks Online, Avantage, Acoma and other ERP platforms.

COMPATIBLE WITH MAITRE'D, VELOCE & OTHER POS

Processes data from Maitre'D, Veloce and other systems to simplify accounting import.

FINA is not accounting software — it's the interface that prepares and transfers your data to your accounting tools.
